Match the Global Action to the Local Consequence!

The diagram consists of four global action images on the left and four local consequence circles on the right, connected by lines. The global actions are: Spanish Flu (tents and people), FIRE! (a building on fire), WW1 was declared (a man with a newspaper), and FLOOD! (a man and woman in front of a flooded house). The local consequences are: The town was destroyed and the City of PoCo had to pay for repairs; Life in Port Coquitlam was impacted, and many people left for overseas; Schools closed in Port Coquitlam; and Homes were destroyed and people spent their money fixing the damages.
